1 x Projector and screen
4x SM58
3x SM57
1x handheld roving mic
4x DI-boxes
All relevant cables

The PA System that we supply is more than loud enough for any band/ensemble in Holy Trinity but due to the immense natural reverb, a sound engineer is generally required, notably one who's capable of using the natural reverb etc. as it does take a lot of getting used to.

Additionally:

6x solid music stands + handful fold up stands
2x upright piano
